THE HERALD.

XJO P. BARRETT, Editor.

WEDNESDAY, FEBRUARY, 5, 1879

ANNOUNCEMENTS.

DR. H. A. M. HENDERSON, of Bourbon county, is a candidate for re-election to the office of Superintendent of Public Instruction.

HON. Z. F. SMITH, of Henry county, is a candidate for Superintendent of Public Instruction.

CAPTAIN T. D. MARCUS, Register of the Land Office, is a candidate for re-election. His management of the office has given general satisfaction, and those who have had business transactions therewith, during his term, speak in flattering terms of the prompt and efficient manner in which he has performed his duties. He has held the position but one term, and if qualifications and fidelity to a public trust, are requisites to be considered in selecting our officers, he is entitled to a second term.

Capt. Marcus is a tried and true Democrat. He advocated the principles of the party at a time when Democracy was at its lowest ebb in Kentucky, and at a time, when few men would dare to do so from the rostrum. He was a Federal soldier during the late war, and at its close, was one of the first men in the State to demand in public speeches the repeal of all test-oaths and expatriation laws, and the immediate restoration to the Confederate soldiers, of all the political rights, franchises and privileges enjoyed by any citizen of the State, or United States. It is to such men as him and Col. Mat. Adams, that the party is indebted to, for the control of the two Congressional Districts in the Eastern part of the State. With his record as a Democrat and official conductor as a public officer, he will be hard to beat.

We give elsewhere some extracts from his official report made and transmitted to the last Legislature, and transmitted to the last Legislature, which every man ought to read and learn the irregular and careless manner in which the business of so important an office had been conducted for nearly fifty years, and how little attention had been given to the preservation of such important records. Captain Marcus has supplied the office with suitable presses and cases to protect and preserve these records, and is rapidly bringing up the work so long neglected by his predecessors. Captain Marcus do better to nominate him or the people do better to re-elect him? We candidly think not.

THE Gubernatorial contest is beginning to wax warm, and that which was supposed at first to be one-sided has assumed a different phase, and every appliance usual in heated contests are in requisition. Dr. Blackburn and Mr. Underwood are running at nearly a dead lock in the counties that have instructed, while Col. Jones seems playing in the rear, relying on his heels in the trial heat. It takes about eight hundred votes in convention to nominate, and no candidate has secured much over one hundred as yet in the county conventions. There is no telling at this crisis who will be the winner. Much of Col. Jones' strength may be yet undeveloped, while that of the others may be expended. A short time will determine whether or not we will have a warm contest in the State convention. The interest in Judge Alexander is manifesting itself very promisingly, he will, no doubt, develop strength. Hon. E. D. Walker has not consented to engage in a scramble for the dignified office of Governor. This course is certainly praiseworthy and merits the approval of the people of Kentucky. We endorse the motives of the Hon. Dan'l H. Hughes, of Union county, whose sense of propriety induced him to withdraw from the race for Lieutenant Governor.

THE Court of Appeals has recently decided two cases from our county which have been pending in our Circuit for several years. The first case was Collins vs. Moseley, which was decided for Judge Moseley by the Circuit Court, and the decision was affirmed by the Appellate Court. The other case was a suit brought by J. B. Stevens vs. Wm. C. King, to enforce a lien upon the farm on which the latter resided. King defended, claiming a homestead right in the land; Stevens controverted King's claim of homestead, alleging that his debt was for the purchase price of the land advanced by Stevens for King to the estate of James King, deceased, of which estate Stevens was administrator. Pending the litigation plaintiff and defendant both died, and the suit was revived on both sides, and Mrs. King filed an answer claiming both dower and homestead, but the Circuit Court ruled against her, and she prosecuted an appeal and the Court of Appeals affirmed the decision. Hill for plaintiff, Walker for defendant.

The President has signed the Pension Bill, and it is now a law.

BON. T. D. MARCUS.

The friends of the gentleman whose name is placed at the head of this article have reason to be proud of his great popularity as a public officer; his official conduct in the management of the Land Office is so universally endorsed by the people, that we have never heard of a single objection to it. He is unquestionably a most excellent officer, and justly entitled to the plaudits of a well done, good and faithful.

Capt. Marcus is a candidate for re-election, with a dozen or more opponents clamoring for "rotation in office." The custom of our party heretofore, in giving a second term to a faithful public officer, is so just and proper, that the "rotation" idea seldom prevails. We believe that the custom of the party should, and will, be observed in this instance, and that the present Register will be given another term. He has well earned and justly deserves a nomination and election.

Therefore, let us give the "Mountain Boy" an endorsement, and in doing so, we will secure for the State a competent officer, and for the people a prompt, faithful and obliging public servant. —[Columbia Spectator.

NOTICE.

The Republicans of Ohio county are requested to meet in convention on the First Monday in March, in the Court House in Hartford, to select delegates to attend the State Convention to be held in Louisville, April 10, 1879, and take such measures as may be deemed expedient to nominate a candidate for the Legislature.

E. C. HUBBARD,

GREENBACK CONVENTION.

The members of the Greenback party will meet in Hartford, on Monday 3rd day of March, County Court day, to select delegates to the State Convention, to be held at Frankfort on March 20th, 1879. H. L. THOMAS,
Chairman County Committee.

THE Democracy of Muhlenberg county hold their convention on Monday the 24th inst.

THE Sheriff elect of Henderson county failed to qualify, and the office goes begging.

HON. D. H. HUGHES, of Morganfield, has withdrawn from the race for Lieut. Governor.

JUDGE STUART will deliver a lecture in Owensboro, on the 7th of February, to the Jews, their habits, customs, &c.

COL. W. H. YOST, JR., of Greenville, is spoken of as a candidate for Commonwealths Attorney in that district.

CHARLES F. WING, of Greenville, is a candidate for the Legislature in Muhlenberg county, subject to the action of the Democratic Convention.

THE Legislature of Arkansas Saturday elected J. D. Walker, of Washington county, United States Senator by a vote of 68 against 47 for Robert W. Johnson, his chief competitor, and five scattering votes.

D. L. BARNETT, the U. S. Store-keeper, at T. J. Monarch's distillery, is proving himself an excellent officer.—[Owensboro Messenger.

Uncle Lowry always proves excellent at everything he undertakes.

WALLACE GRIEVE, Esq., former editor of this paper, has taken charge of the Breckinridge News. He is a newspaper man of large experience, a fine paragrapher, a writer of extraordinary ability and energy.

VOLUME I of Chambers Cyclopedia of English Literature, has been received, and so far as examined, proves to be all that is claimed for it by the publishers.

We are glad to know that Brother Thurman has dropped the "patent outside of the Meade County Record, and gets it all up at home. Some publishers think the "patent" curtails the expenses of the publisher which is true, but it also curtails the receipts, and materially injures the advertising business.

We learn from our exchanges that Hon. D. R. Murray, of Cloverport, will soon move to California. If true this leaves a vacancy in the State Senate. Mr. Murray is an honorable, intelligent young man and will soon win golden opinions in the golden State.

COL. P. W. HARDIN, of Mercer county, candidate for Attorney General, called to see the citizens of our town and county recently. We met him and can honestly say we were impressed with his manly, noble appearance. He looks to be a man that is a man, with the Jeffersonian qualifications to serve the people in the position to which he aspires. He made a good impression and many friends while here.

It is predicted by many of the people here and elsewhere that Judge T. Alexander, of Louisville is the coming man for Governor. He is said by those who know him, to be an honourable, dignified Christian gentleman, and a very intelligent thoughtful man; if so, he is of the right kind of timber for Governor.

CERALVO ITEMS.

CERALVO, KY., Feb. 3.
Editor Herald:
River in its banks again and falling slowly.

But few logs have passed out on this rise.

Mr. Mole Morton passed here with a raft of logs last Thursday evening—

said he had been heating water in a

gran shovel long enough, and wanted to buy a tea kettle.

Mr. L. P. Downs leaves with his second consignment of logs for the Evansville market this morning; he will run seven rafts this season.

Downs is the boss log man in this vicinity, and gives to the community

more business—labor—and money,

than any other seven men in it; how

valuable are such men; six of them

would soon stop the cry of "hard

times" in any community.

The steamer Bowling Green passed

down yesterday, ten hours behind

time—cause: Too much mud in

Rochester lock.

The snow left the wheat looking

vigorous, and farmers shut one eye

and predict a large yield.

The Ceralvo fair for this sea-

son, sums up thus far, four hundred

coons; amounting to one hundred and

fifty dollars in money, seven hundred

dollars worth of fun, and a net gain

of seventeen hundred bushels of corn

in the next crop.

We hear of but little tobacco being

bought yet. The prices paid have

been from one to three cents. R. H.

Arkenberg, the famous tobacco man

of New York City, who, fifteen years

ago, gave the planters throughout the

Green river country, the most satis-

factory market they ever had for their

tobacco, is on a visit to the counties

along the river. He will reach Ceralvo this week.

On last Thursday night, Rev. V.

Thomas closed a meeting of much

interest, that had been in progress here

for a week. Among the pleasant

features of the meeting was the bring-

ing to our village, the Rev. T. J. Randolph,

of your city, whose mild but

severe sermons and genial company won

for him a host of friends.

Mr. V. B. Morton has rented his

farm for this year to Mr. James Ben-

nett, and notifies the girls that it will

be impossible for him to furnish any of

them with a home this year; if how-

ever, their "old man" will furnish the

house, arrangements might be made, it

terms are reasonable.

Of course you have heard of the

stopping of the trains on the O. & R.

R. R. We happened to be in South

Carrollton, as the last train steamed

away from the pleasant village, and the

looks of longing that followed it,

reminded us of how desolate Bob

Cruise must have felt, when the winds

and waves played him that little trick

on the rocks of Juan Fernandez. We

pitied them, and felt sorry that a peo-

ple so clever should ever suffer dis-

pointment.

While in South Carrollton we vis-

ited Professor Alexander's Institute,

which five years ago was organized in

an eight by ten room, with eighteen

pupils; but which to-day matriculates

nearly two hundred students, occupi-

ng one of the most commodious school

buildings in this part of the State.

The fall term was being closed, with

the examinations of the last five

months' studies, and from what we

saw and heard, have concluded that

none are ever permitted to pass any

in the course, until they have

thoroughly mastered it, as the exami-

nations were very rigid.

The most enjoyable feature, however,

was the entertainment given in the evening by the Strix Flannen's, a literary society

composed of a number of the young

ladies of the Institute. The enter-

tainment gave conclusive evidence of

real talent and marked ability. We

were struck with the dignity and

grace with which Miss Tanner, of Mc-

Lean county, wore her presidential

honors, and the "cheery welcome" by

Miss Brown made us feel perfectly at

home. Recitations by the Misses

Isabel, Bland and Martin, were splen-

dously received, and felt sorry that a

people so clever should ever suffer dis-

appointment.

Uncle Lowry always proves excel-

lent at everything he undertakes.

PERSONAL.

Dr. H. S. Woods, of Litchfield, was in town last week, in the pursuit of his profession—dentistry.

Dr. J. W. Clegg, of Greenville, deputy Revenue Collector, spent several days in our midst last week.

W. H. Griffin, our efficient Town Marshal, spent a day or two with relatives in Elizabethtown, last week.

Miss Annie Howard has returned from a visit of several weeks duration to friends in Ohio and McLean counties.

At \$170,000 and were insured for \$70,000.

Misses Irene Eaves and Jennie Short, two interesting young ladies of McLean county, are in town, the friends of Mrs. Harbin.—[Muhlenberg Echo.]

Mr. J. F. Yager left yesterday for Louisville and Cincinnati. To one of his steady energetic habits it is not likely this visit is one of pleasure, but will have a large proportion of business mingled with a little necessary recreation.

Mr. El. Thomas, of Litchfield, spent a day or two in town last week. Mr. Thomas has held the office of Circuit Court Clerk of Grayson county, for several years, and is said to be one of the best and most popular clerks in the State. He favored us with a call while here.

NEW BARBER SHOP.

The undersigned begs to inform the citizens of Hartford, and Ohio county, that he has rented the barber shop in Hartford formerly occupied by Sam Luckins, and is prepared to do shaving, hair cutting, hair dressing, shampooing, foot blocking, &c., in the latest and most fashionable style. He guarantees satisfaction to those who will favor him with their patronage.

I will cut hair as nape and as low as any body. J. R. HOLDEN.

Have You Paid Your Taxes?

Tax payers of Ohio will take notice that this is my last call for taxes for 1878. If you do not want your land advertised to sell at the March County Court, you had better come in at once and pay up, and save your credit as well as costs and commissions. I am bound to sell the land of every tax-payer who does not pay by the 15th of February, as I am behind the Auditor in State Revenue, and this is my only method to protect myself and sureties. Respectfully,

C. W. PHILLIPS,

Sheriff of Ohio County.

ARE FAT PEOPLE HEALTHY?

Why are fat people always complaining? asks some one who entertains the popular though erroneous notion that health is synonymous with fat. Fat people complain because they are diseased. Obesity is an abnormal condition of the system, in which the sanguine and oleaginous elements of the food are assimilated to the partial exclusion of the muscle-torturing and necessary to assert the well-known fact that excessively fat people are never strong, and seldom distinguished for mental powers or activity. Besides, they are the easy prey of acute and epidemic diseases, and they are the frequent victims of gout, heart disease, and apoplexy. A man's Anti-Fat is the only known remedy for this disease. It contains no acid, is absolutely harmless, and is warranted to remedy the most confirmed case of obesity, or corpulence.

The Galt squarely meets the issue presented by the present small profits in general business, keeping a most excellent House in every particular, at the lowest possible rates and we heartily advise all to give it an early trial.

Our Tenure of Life.

Depends in great measure upon our regard for or neglect of the laws of health. If we violate them we cannot expect to "make old bones." But that the span of existence allotted to a naturally delicate constitution, or one which has been lengthened, is a fact of which we have no doubt. The vivifying and restorative influence of Hostetter's Stomach Bitters upon a failing physique affords a striking illustration of the power of judicious medication to strengthen the hold on life. Restored digestion, complete assimilation, renewed appetite, sound repose, those are among the benefits derived upon the debilitated by that surest remedy. No necessity of going to a doctor to have a physician prescribe a medicine. A man's Anti-Fat is the only known remedy for this disease. It contains no acid, is absolutely harmless, and is warranted to remedy the most confirmed case of obesity, or corpulence.

Another Old Citizen Gone.

Mr. W. C. Rowan died yesterday morning about 4 o'clock, of chronic troubles and old age. He was 87 years old, and has always been regarded as one of the most industrious honorable men in the county. His conduct through life has been very exemplary.

—

Dr. T. C. Thompson, formerly of Galveston, but now of Findlay and Thompson, wholesale druggists of New Orleans, unfortunately says, that, to his own personal knowledge and observation, English Female Bitters is a most wonderful medicine for the cure of chronic female complaints.

He knew of a case in Galveston, of

old men, but, fortunately, there has

nothing been found amiss as yet.

There having been a party in the neighborhood on the same night, the general supposition is that the burglars became frightened

during the night by some one passing and fled before their general design had been completed.

The tobacco market is submissively dull here, notwithstanding no little competition seems to be existing among the buyers. Several are canvassing this section for the Owensboro market, while our burg is, complimentally blessed with its estuary comprising Messrs. Magan & Bell as one company, while Messrs. Rogers, King & Jewell constitute the other; but all are rather consolidating their intelligence and putting up in the same factory. Several crops of the weed have been sold in this section "at prices to suit the times." The highest price that we have known paid is \$5, \$3, \$1, and \$0, down and nothing, according to quality.
